

More Than Lighting,
Powerful Solutions

Shelf Lighting Made Simple

Specialty Lighting's *edge* luminaire is the perfect solution to meet your shelf lighting needs.

Pixel-free Illumination With its diffused lens, the exceptionally thin linear LED fixture provides pixel-free color consistency.

You Have Options The linkable fixture is available in 8", 12", 23", 35" & 45" lengths and four standard color temperatures (2700K, 3000K, 3500K, 4000K).

No Dark Spots *edge* offers silky smooth and continuous illumination with no dark spots between directly connected fixtures.

Simple to Install Easy installation using the provided standard metal mounting clips or optional magnetic clips.

Meets Safety Standards *edge* is UL/cUL listed.
